

Verifying Total Correctness of Graph Programs

A revised and extended version of our GCM 2012 workshop paper will be published within a post-proceedings issue of the *Electronic Communications of the ECEASST*.

Please find a copy of this new paper at the address below:

<http://www.cs.york.ac.uk/plasma/publications/pdf/PoskittPlump.ECEASST.13.pdf>

The earlier version of the paper presented at the workshop can still be found within the pre-proceedings: <http://gcm2012.imag.fr>

Best wishes,

Chris Poskitt and Detlef Plump
